

Take a break this Summer!

Skip one or all your MFFCU loan payments this Summer! With our Summer Skip-A-Pay, you can postpone your loan payment(s) for July and use that extra cash for shopping or traveling.

If your payment is normally paid through payroll deduction or through our Payment ECM System, your payment(s) will be deposited into your savings account on the effective payroll date for the day you skip. For members who pay by automatic transfer from a Members Financial FCU account, your loan payment(s) will remain in your account. It's easy to request your summer Skip-A-Pay! Just complete and email, put in the USPS mail or bring this form to the Members Financial FCU branch, and we'll process your request right away. Please review the conditions below. **All eligible requests must be made 10 days before the due date of the loan.**

Members who have executed an extension agreement within the last 3 months are not eligible. Home Equity loans are not eligible for skip. Accounts must be in good standing to qualify. Loans must be current at the time the Skip-A-Payment form is received or the request will not be processed. For new loans to qualify for skip, at least two payments must be made. If you would like to skip loan(s) on multiple accounts, a separate form must be completed for each account the said loan(s) are associated with.

A fee of \$40 per loan must be paid before skip.

FOR THE MONTH OF JULY ONLY!

PAYMENT METHOD: Cash _____ Check _____ Transfer from Account # _____

I authorize MFFCU to skip my payment on the loan(s) listed below. I understand that participating in this promotion extends the term of the affected loan(s) and therefore, may cause the maturity date of each loan to be extended. I also understand that interest will continue to accrue within the balance of the loan throughout the deferred payment period.
